Reviewer's report

Title: Restraint use in home care: a qualitative study from a nursing perspective

Version: 3 Date: 3 December 2013

Reviewer: Claudia Lai

Reviewer's report:

Minor Essential Revision:

The authors have mostly satisfactorily addressed the comments raised. However, one key question please. Why would the first submission says 13 participants and the subsequent revision reports 14 participants (plus 1 excluded) please?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

None
