Reviewer's report

Title: Fall risk-increasing drugs and falls: A cross-sectional study among elderly patients in primary care

Version: 2 Date: 28 November 2013

Reviewer: Michael Denkinger

Reviewer's report:

Most points have been adequately addressed. Limitations still somewhat override the strengths of the study which, on the other hand, could still be of limited interest to a very specialised research community.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
