Reviewer's report

Title: The descriptive epidemiology of delirium symptoms in a large population-based cohort study: results from the Medical Research Council Cognitive Function and Ageing Study (MRC CFAS)

Version: 4  Date: 21 June 2014

Reviewer: Timothy Girard

Reviewer's report:

Davis and colleagues have further revised their manuscript, which is again improved. I have no additional comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no competing interests.
