Reviewer’s report

Title: A perturbation-based balance training program for older adults: study protocol for a randomised controlled trial

Version: 2  Date: 24 May 2007

Reviewer: Catherine Sherrington

Reviewer’s report:

General
I am happy with the changes made by the authors and have no further comments.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
None

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

As outlined in my initial review.
