Title: Cognitive function, social integration and mortality in a U.S. national cohort study of older adults

Version: 2 Date: 5 May 2009

Reviewer: Maria Victoria Zunzunegui

Reviewer's report:

Thank you for making the changes. I think the paper could be published in its current form. A minor comment is that tables could be formatted in a more clear way.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
