Reviewer's report

Title: Comparing the Functional Independence Measure and the interRAI/MDS for use in the functional assessment of older adults: A review of the literature

Version: 2 Date: 30 August 2009

Reviewer: Yee Sien Ng

Reviewer's report:

The authors have addressed my concerns and suggestions appropriately and satisfactorily in this revised manuscript.

The arguments are sound and the manuscript fulfills the high standards set by BMC Geriatrics.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
