Reviewer's report

Title: Assessing perceived well-being among elderly people

Version: 2 Date: 29 October 2009

Reviewer: Shu-Hui Yeh

Reviewer's report:

1. The authors have to specify the study design.
2. What is the full name of RAVA?
3. The values for Pearson's correlation need to be double checked.
4. Need to improve the academic writing.
5. Sampling method and ethical issue need to be specified.
6. The names of core homes for the participants should be presented as "A" or "B", instead of full names.
7. How is the sample size estimated?
8. Authors need to address the limitations and suggestions.
9. Overall suggestion: not accepted for this status.
