Title: Pancreatic hyperamylasemia during acute gastroenteritis: incidence and clinical relevance

Authors:

Giulia Tositti (giuliato@tin.it)
Paolo Fabris (pfabris@yahoo.com)
Eleonor Barnes (ellie@newsqu.demon.co.uk)
Francesca Furlan (epavivi@libero.it)
Marzia Franzetti (epavivi@libero.it)
Clara Stecca (epavivi@libero.it)
Elena Pignattari (elenapigna@tin.it)
Valeria Pesavento (epavivi@libero.it)
Fausto de Lalla (fdl.vi@gpnet.it)

Version: 5 Date: 4 Sep 2001

Reviewer: Dr ignazio castagliuolo

Level of interest: A paper of considerable general medical or scientific interest

Advice on publication: Other (see below)

I read the letter and the paper from dr Tositti and collegues and i feel that they made adequate comments to the criticisms and made changes to the manuscript that i now suggest for pubblication.

thank you again for giving the opportunity to review this paper for your journal.
