Title: Syphilis epidemiology in Norway, 1992-2008: resurgence among men who have sex with men

Version: 2 Date: 25 March 2010

Reviewer: David J Templeton

Reviewer’s report:

The authors have comprehensively addressed my previous comments and the manuscript is now much clearer and better acknowledges the limitations. Only change needed is "The" rather than "Te" in 3rd line of abstract. I recommend publication of this interesting paper in your journal

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
