Reviewer's report

Title: Risk of Latent TB infection in individuals employed in the health care sector in Germany: a multi center prevalence study

Version: 2 Date: 6 April 2010

Reviewer: Alice Zwerling

Reviewer's report:

Authors have made appropriate changes and updates as suggested where appropriate. I thank the authors for their attention and diligence in responding to all the comments. The manuscript is now suitable for publication and is of interest to those in the IGRA research community.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
