Reviewer's report

Title: Incidence and effects of Varicella Zoster Virus Infection on academic activities of medical undergraduates - a Five Year Follow-Up Study from Sri Lanka

Version: 2 Date: 2 April 2010

Reviewer: I-Ching Sam

Reviewer's report:

The authors have satisfactorily responded to my earlier points, except for:

MINOR ESSENTIAL REVISIONS
Fig 1: Should be "Followed up for 5.5 years" not 0.5 years
The figure given for "susceptible for VZV infection" is incorrect (153-47=106)

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
