Reviewer's report

Title: Symptoms and sources of Yersinia enterocolitica -infection: a case-control study

Version: 2 Date: 15 April 2010

Reviewer: Gianluca Matteoli

Reviewer's report:

Dear Editor,

The manuscript (MS 6520219373006012) from Huovinen E. et al. was carefully reviewed and significantly improved.

The authors adequately answered my questions therefore I strongly recommend publishing this manuscript in BMC Infectious Diseases without further revision.

Yours sincerely,

Gianluca Matteoli

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
