Reviewer's report

**Title:** Occupational exposure to blood-borne infection: survey of universal precautions knowledge and reported injuries in Kabul hospital staff

**Version:** 2  **Date:** 14 October 2009

**Reviewer:** Derek Smith

**Reviewer's report:**

This revised manuscript has been improved. However, there are still a few errors in the reference list that need to be fixed.

Reference 15: the journal name needs to be spelled out in full
Reference 17: The authors' names are incorrectly abbreviated. They should be 'Smith DR, Smyth W, etc.'
Reference 20: The author's name is incorrectly written. It should be 'Smith DR'

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
