Title: Clinical Significance of Hypoalbuminemia in Outcome of Patients with Scrub Typhus

Version: 2 Date: 30 June 2010

Reviewer: Gustavo Valbuena

Reviewer’s report:

Please revise conclusions in the abstract. The last part of the statement is unnecessary and it makes it too long a phrase.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
