Reviewer’s report:

Thanks for your careful attention to my original comments. Two discretionary revisions to suggest:

Page 5: The sentences you added addressing my comments on survey company list would be better placed after the first sentence of the Data collection section.

The sentences at page 5 “The survey company issued invitations (…) daily quota was reached” could replace the sentence “Also we set a quota (…)” of the discussion section page 17.

Level of interest: An article of limited interest

Quality of written English: Acceptable
