Reviewer's report

**Title:** Unsuccessful therapy with adefovir and entecavir-tenofovir in a patient with chronic hepatitis B infection with previous resistance to lamivudine: a fourteen-year evolution of hepatitis B virus mutations

**Version:** 2  **Date:** 18 February 2011

**Reviewer:** Valentina Svicher

**Reviewer's report:**

The authors have sufficiently answered the points raised in the previous review.

As minor point in table 1, the mutation M180L is reported. I suppose this is a mistake for L180M. Please clarify

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
