Reviewer's report

Title: Successive influenza virus infection and Streptococcus pneumoniae stimulation alter human dendritic cell function

Version: 3 Date: 1 June 2011

Reviewer: Keer Sun

Reviewer's report:

1. The limitation of these in vitro findings should be discussed.
2. Pneumococcus should be replaced by its plural form pneumococci in some places.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
