Reviewer's report

Title: Weight and height Z-scores improve after initiating ART among HIV-infected children in rural Zambia: a cohort study

Version: 1 Date: 4 January 2011

Reviewer: vania giacomet

Reviewer's report:

Minor essential revisions: authors should better define whether nutritional assessment were performed and the antiretroviral drugs used

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
