Reviewer's report

**Title:** Travel-related schistosomiasis, strongyloidiasis, filariasis, and toxocariasis: the risk of infection and the diagnostic relevance of blood eosinophilia

**Version:** 2  **Date:** 27 February 2011

**Reviewer:** Patrick Lillie

**Reviewer's report:**

The authors have addressed the questions raised from the initial review and I think the manuscript is suitable to be accepted.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
