Reviewer's report

Title: Residual risk of transfusion-transmitted infection with human immunodeficiency virus, hepatitis C virus, and hepatitis B virus in Korea from 2000 through 2010

Version: 2 Date: 4 July 2012

Reviewer: Sheila O'brien

Reviewer's report:

The authors have addressed my comments and I congratulate them on a very nice paper!

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
