Reviewer’s report

Title: Alterations of Leptin in the Course of Inflammation and Severe Sepsis

Version: 2 Date: 10 July 2012

Reviewer: Andreas Hillenbrand

Reviewer’s report:

All questions are answered.
I congratulate the authors on their work.

Authors should revise the references according to the guidelines.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
