Reviewer’s report

Title: Variation in dengue virus plaque reduction neutralization testing: systematic review and pooled analysis

Version: 2 Date: 30 August 2012

Reviewer: Stephen Whitehead

Reviewer’s report:

The authors have satisfactorily addressed each the concerns/questions that were included in my original review. I especially appreciate the text that was added to the manuscript to clarify several of my misunderstandings.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
