Reviewer's report

**Title:** Analysis of posaconazole as oral antifungal prophylaxis in pediatric patients under 12 years of age following allogeneic stem cell transplantation

**Version:** 3  **Date:** 19 September 2012

**Reviewer:** Ronen Ben-Ami

**Reviewer's report:**

The authors have addressed my comments. This paper is in my opinion acceptable for publication, and presents interesting information which should be followed by prospective studies in the pediatric patient population.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
