Reviewer's report

Title: Infectious sacroiliitis: a retrospective, multicentre study of 39 adults.

Version: 2 Date: 13 August 2012

Reviewer: Bhavuk Garg

Reviewer’s report:

1. If authors can provide total number of sacroilitis cases seen, that would be great to see the estimated prevalence of ISI.
2. What antibiotics were used? any specific regime
3. overall a good study

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
