Reviewer's report

Title: Acute Monoarthritis in a Delayed Diagnosis of Syphilis Patient with Persistent Rupioid Psoriasis-like Lesions

Version: 2 Date: 25 October 2012

Reviewer: Crystal Shen

Reviewer's report:

Language improvements in this revised manuscript have improved clarity.

Minor Essential Revisions:
1) p. 2 line 4 - Consider changing "prompted" to "prompt"
2) p.9 line 14 - Sentence beginning with "Our patient with HIV-negative had..." should be improved for clarity
3) p. 12 line 14 - "companying" should be "accompanied"

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
