Reviewer’s report

Title: Emergence of dengue virus 4 genotype II in Guangzhou, China, 2010: Survey and molecular epidemiology of one community outbreak

Version: 4 Date: 8 March 2012

Reviewer: Ng Lee Ching

Reviewer’s report:

I have previously submitted the re-review, not sure why it was not captured.

The authors have addressed all the issues raised. I enjoyed reading this more concise and straightforward manuscript. Just need minor editorial improvement.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
