Reviewer’s report

Title: Impact of antiviral treatment and hospital admission delay on risk of death associated with 2009 A/H1N1 pandemic influenza in Mexico

Version: 3 Date: 23 March 2012

Reviewer: Vernon Lee

Reviewer’s report:

The authors have addressed all of the comments well. The paper now reflects the various pertinent issues, and discusses the outcomes as well as the limitations of the study. This study is a valuable addition to the literature on the topic.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I had received unrelated research grants from GSK in the past.
