BMC Infectious Diseases
Research article
1. the authors identify the species of Candida, while there is no specialist in mycology among the co authors even in the acknowledgments
2. Page 4: give the fungal species isolated and identified in the results
3. give the species of fungus isolated in the abstract
4. Reference 9 is not complete

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
