Reviewer's report

Title: Evaluation of Entamoeba histolytica Recombinant Phosphoglucomutase Protein for Serodiagnosis of Amoebic Liver Abscess

Version: 2 Date: 1 March 2013

Reviewer: Tengku Shahrul Anuar

Reviewer's report:

All comments and suggestions made on the first submissions have been considered and adequately met.

Sensitivity for ~170kDa and ~70kDa have been corrected accordingly in the Table 1 and the text.

The findings reported in this manuscript are very important especially in endemic areas.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
