Reviewer's report

Title: Clinical and economic evaluation of spanish 65-year-cohort pneumococcal vaccination measured bya a dynamic model

Version: 3 Date: 28 January 2013

Reviewer: Norberto Giglio

Reviewer's report:

Discretionary Revisions
The study is interesting, provide expertise on a local issue not developed in Spain. However there are some limitations that are best explained.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
