Reviewer's report

Title: Impact of 13-valent pneumococcal conjugate vaccine (PCV13) in a pandemic similar to the 2009 H1N1 in the United States

Version: 2 Date: 11 April 2013

Reviewer: Joanna Stewart

Reviewer's report:

This paper is well constructed and addresses the limitations of the model well. I have no major, minor or discretionary revision recommendations

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests
