Reviewer’s report

**Title:** Planning and process evaluation of a multi-faceted influenza vaccination implementation strategy for health care workers in acute health care settings

**Version:** 5  **Date:** 17 March 2013

**Reviewer:** Sarah Head

**Reviewer’s report:**

Minor revisions only:

The whole paper is much clearer and easier to follow.

1. Abstract P1 S2 ? reads better to move "in all European countries" to end of sentence
2. Abstract P2 S1 - can drop "the process of" in methods
3. Background - P1S2 - I would write "continue" rather than "continues" but maybe my grammar is wrong? just check with someone that does know to be sure

No others
