Reviewer’s report

Title: Impact of asymptomatic Plasmodium falciparum parasitemia on the immunohematological indices among school children and adolescents in a rural area highly endemic for Malaria in southern Mozambique

Version: 2 Date: 1 April 2013

Reviewer: Edamisan ET Temiye

Reviewer’s report:

1. Under Summary: under conclusion
“…….southern Mozambique and was associated lower hematological parameters but unaltered lymphocyte counts,”…..should read “southern Mozambique and was associated with lower hematological parameters but unaltered lymphocyte counts,….”

2. Under Influence of Plasmodium falciparum in immuno-hematological characteristics: gr/dl should read g/dl similar correction required in table 2

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
