**Reviewer's report**

**Title:** Impact of asymptomatic Plasmodium falciparum parasitemia on the imunohematological indices among school children and adolescents in a rural area highly endemic for Malaria in southern Mozambique

**Version:** 2  **Date:** 1 April 2013

**Reviewer:** Pedro Aide

**Reviewer's report:**

The authors have incorporated most of the reviewer's comments and suggestions and improved in the quality of the manuscript. Only a few typos still present (like writing "Plasmodium malarie" instead of "Plasmodium malariae" which I would suggest them to review throughout the text.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
