Reviewer's report

Title: Introduction of a sexual health practice nurse is associated with increased STI testing of men who have sex with men in primary care.

Version: 1 Date: 22 February 2013

Reviewer: Darren D Russell

Reviewer's report:

Thank-you for the opportunity to review this paper. The study design is elegant and appropriate.

Discretionary Revisions
Under Methods, could you provide us with information as to whether Clinic B is also a Medicare-billing clinic (similar to Clinic A)?
It may be useful and of interest in a future paper to assess the cost-benefit of introducing a nurse to a general practice setting.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
