Reviewer’s report

Title: Genotyping and clinical characteristics of multidrug and extensively drug-resistant tuberculosis from a tertiary care tuberculosis hospital in China

Version: 2 Date: 20 May 2013

Reviewer: Adane Mihret

Reviewer’s report:

My previous comment is not addressed. The authors need to indicate clearly how this work is different from their own work published in in J Clin Microbiol 2012;50:2404 and what is the new information included in this work

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
