Reviewer's report

Title: Prolonged polyarthralgia in a German traveller with Mayaro virus infection without inflammatory correlates

Version: 1 Date: 5 July 2013

Reviewer: Joseph Malone

Reviewer's report:

1. This is a concise, well written report about a viral infection associated with joint pains that is of general interest to travel medicine, infectious diseases, and rheumatology specialists.
2. No specific problems noted with this manuscript.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
