Title: Prevalence of Giardia duodenalis and Cryptosporidium species infections among children and cattle in North Shewa Zone, Ethiopia

Version: 2 Date: 1 July 2013

Reviewer: Eric Houpt

Reviewer's report:

I think it is now acceptable for publication, however I would recommend a professional native/scientific English writer correct remaining grammatical mistakes, such as "We observed higher number of cryptosporidium infection in children" "This demands the need for..."

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
