Reviewer's report

Title: Association of presence/absence and on/off patterns of Helicobacter pylori oipA gene with peptic ulcer disease and gastric cancer risks: a meta-analysis

Version: 2 Date: 27 June 2013

Reviewer: Yuhong Yuan

Reviewer's report:

The authors have substantially revised the report based on reviewers’ concerns and suggestions. I am satisfied with the revision.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests
