Reviewer's report

Title: Non-conversion of sputum culture among patients with smear positive pulmonary tuberculosis in Cameroon: a prospective cohort study

Version: 2 Date: 29 December 2013

Reviewer: Wei-Juin Su

Reviewer's report:

The study has a wrong starting point from a pre-assumption, sampling is insufficient and the paper is not contributing to existing literature.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
