Reviewer's report

Title: Prevalence and trends of markers of Hepatitis B virus, Hepatitis C virus and Human Immunodeficiency virus in Argentine blood donors

Version: 1 Date: 8 January 2014

Reviewer: Mauricio Carobene

Reviewer's report:

Major Compulsory Revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
