Reviewer’s report

Title: MRSA carriage among healthcare workers in non-outbreak settings in Europe and the United States

Version: 2  Date: 12 March 2014

Reviewer: antonella polimeni

Reviewer’s report:

The question posed by the authors is well defined. The methods are appropriate and well described. The data sound and are well defined. The manuscript adhere to the relevant standards for reporting and data deposition. The discussion and conclusions are well balanced and adequately supported by the data. Limitations of the work are clearly stated. The title and abstract accurately convey what has been found. The writing is acceptable for publication as it stands.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
