Reviewer's report

Title: Relapse under azithromycin treatment in a case of bacteremia due to Salmonella enterica Paratyphi A

Version: 2 Date: 16 June 2014

Reviewer: Robert-Jan Hassing

Reviewer's report:

The authors replied to all my comments. I appreciate that they included Table 1, giving an overview of clinical trials studying the efficacy of azithromycin in typhoidal Salmonella infections. I have no further comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
