Reviewer’s report

**Title:** The cost-effectiveness of the WINGS intervention: A program to prevent HIV and sexually transmitted diseases in high-risk urban women

**Authors:**

Harrell W Chesson (hbc7@cdc.gov)
Judith B Greenberg (jgreenb@bellsouth.net)
Michael Hennessy (mhennessy@asc.upenn.edu)

**Version:** 2  **Date:** 30 Sep 2002

**Reviewer:** Dr MJ Postma

**Level of interest:** A paper whose findings are important to those with closely related research interests

**Advice on publication:** Accept without revision

I highly value the author’s response to my review of the WINGS intervention (Chesson et al). I suggest to publish the paper in its current form.

**Competing interests:**
