Reviewer's report

Title: Seroprevalence of toxoplasmosis among veterinary staff: Implications for teratogenic risk

Authors:
Samar Shuhaiber (sshuhaiber@apotek.com)
Gideon Koren (gkoren@sickkids.ca)
Rada Boskovic (radaboskov@yahoo.com)
Dr Thomas R Einarson (teinarson@utoronto.ca)
Offie Porat Soldin (offie@gwu.edu)
Mrs Adrienne Einarson (einarson@sickkids.ca)

Version: 2 Date: 19 Apr 2003

Reviewer: Chia-Kwung Fan

Level of interest: A paper whose findings are important to those with closely related research interests

Advice on publication: Accept after discretionary revisions

Compulsory revisions:

1. Page 1. "Keywords: seroprevalence, Toxoplasma gondii, veterinary staff, Canada." is suggested.
2. Page 12. The format of cited references is not uniform should be revised; in addition, the names of all of authors in the cited references should be spelt out.
   For example:
3. Please check the cited references:
   No. 1--Tirard-Fleury V,
   No. 3--spelt out the names of all of authors in the cited references.
   No. 7--Koppe JG,
   No. 10--Koren G:
   No. 11--spelt out the names of all of authors in the cited references.
   No. 12, 13, 15, 17, 18--Kapoor SK; Estevez J; Palumbo F; Carme B; Torda A:
   No. 17: (in French with English abstract)
