Reviewer's report

**Title:** Risk factors for fatal candidemia caused by Candida albicans and non-albicans Candida species

**Version:** 2  Date: 16 March 2005

**Reviewer:** John Baddley

**Reviewer's report:**

General

------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
None

------------------------------------------------------------------------------------------------------------------------

**What next?:** Accept without revision

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No

**Declaration of competing interests:**
