Reviewer's report

Title: Subclinical iron deficiency is a strong predictor of bacterial vaginosis in early pregnancy

Version: 2 Date: 28 June 2005

Reviewer: George Schmid

Reviewer's report:

General
I think you can accept the manuscript.

--------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
