Reviewer's report

Title: Lack of association between serological evidence of past Coxiella burnetii infection and incident ischaemic heart disease: nested case-control study

Version: 2 Date: 7 June 2005

Reviewer: Carl E Nord

Reviewer's report:

General
I recommend that the manuscript is accepted

-----------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
