Reviewer's report

Title: A rare association of Leprosy & gangrene; role of anti phospholipid antibodies.

Version: 2 Date: 17 August 2005

Reviewer: Sujai Sunetha

Reviewer's report:

General
The authors have taken note of all the comments made and have made necessary modifications in the manuscript. The revised manuscript may be accepted for publication.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
Nil

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Nil

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
