Reviewer's report

**Title:** Uniform distribution of three Candida albicans microsatellite markers in two French ICU populations supports a lack of nosocomial cross-contamination

**Version:** 2  **Date:** 14 July 2006

**Reviewer:** Timothy J Lott

**Reviewer's report:**

General
The revisions made the manuscript clearer and it reads better.

-------------------------------------------------------------------------------

**Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)**

-------------------------------------------------------------------------------

**Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)**

-------------------------------------------------------------------------------

**Discretionary Revisions (which the author can choose to ignore)**

**What next?:** Accept without revision

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No

**Declaration of competing interests:**

I declare that I have no competing interests.
